INDUCTION MEET-2022

The Institute Plans its activities to provide its students an amicable and favourable atmosphere for a convenient and comfortable stay in the campus. Every care is taken to organise events that could collaborate with their academic progress and groom them into responsible citizens. For this different committees are constituted. The aim of this meet is to introduce the first year students of BA & MA Classes to these committees thus making them familiar to the life at the institution and the academic procedures here.
